

This powerful clinic includes presentations, demonstrations and interactive exercises that provide for a unique and comprehensive learning experience.

Blue Chip Sports Academy presents what is considered to be the country's most comprehensive analysis and detailed breakdown of the fundamentals of middle infield play available. Aside from Steve's extensive knowledge of the most subtle movements of the positions, he is known for being an excellent communicator and a highly effective teacher. He will discuss and demonstrate the intricacies of the middle infield positions from a perspective that only someone who performed on the ultimate pressure stage could do. Whether you are the parent of a young player wanting to ingrain that perfect muscle memory early, a travel, high school or college player looking to gain an edge over the competition, or a coach at any level seeking new knowledge and drills to help give your players an edge, ***this is the clinic for you!***
